Application Purpose

The goal of this application is to evaluate your company's readiness for acceleration, assess your solution's potential impact on cancer care, and determine how the CancerX Accelerator can best support your growth and development in the cancer innovation ecosystem.

Application Structure Overview

The application is organized into several key sections. Please see the overview of the sections on the following slides.

Theme Selection (Questions 1-3)

You'll need to select which CancerX themes best align with your solution:

- Theme 1: Clinical Trial Acceleration & Research Innovation
- Theme 2: Accessible Care Anywhere
- Theme 3: Digitally Enabled Operational Excellence

Key Guidance: You can select only one theme. But after you select the theme you will be able to select multiple ways in which your solution may be applied to that theme.

Company Information (Questions 4-11)

This section covers basic company details. Have the following information ready:

- Company name, address, and founding year
- Website URL and company logo (image file for upload)
- Contact information (email and phone)

Note: If you don't have a website yet, be prepared to explain your current stage and digital presence plans.

Team Information (Questions 12-15)

Be prepared to provide detailed information about your leadership team, including:

- Full-time vs. part-time status of team members
 - Current hiring plans and growth strategy
 - Team member expertise and backgrounds
